Dear Bruce,

What a pleasure it was to work with you! I just wanted to send you a letter and say thank you. You worked so hard to get us the perfect pictures, and you certainly accomplished that goal.

Our pictures are stunning. We are so grateful to have found you to do the pictures for our wedding. We got married on a budget, as you know, and I was so afraid we would not be able to get quality photographs, ones that we would treasure forever. But you worked all afternoon and evening to make sure our memories would be captured beautifully. The outdoor shots are breathtaking, with the sun pouring down on us through the trees. And the indoor shots are simply beautiful. Somehow you managed to capture the excitement and happiness of the day with your photographs. All of our friends and family members have raved over how amazing your pictures are. I wanted you to know that!

Please feel free to use any of our pictures for your own promotional materials. We would be happy if you could use them. Also, I would certainly recommend you to anyone; so if you ever need a reference, let me know. We will be telling our friends about you, too!

Thank you again.

Sincerely,

Anna Witherington
